## MAYOR'S DECISION EXPECTED TUESDAY

If Heimburger Is Dismissed, Executive May Name Successor on Same Day.

SUPT. LEAHY IS VINDICATED. CURTIS LEADS OPPOSITION. PERMANENT

Grand Jury to Have Opportunity Question Now Is Whether Speakof Reviewing Evidence as Soon as Transcripts Are Completed by Stene raphers.

The fate of Building Commissioner TO U. Heimburger, charged with genincompetency and gross neglect of in administering the affairs of his office, is now in the hands of Mayor

A decision is not expected before next Tuesday. In case the city's executive finds the secured official guilty of the charges, and dismisses him, the verdict will be sent to the Council immediately for confirmation, and possibly Mr. Helmburger's successor may be named and confirmed on the same day.

Attorneys Bell and Framberg, who have represented Mr. Heimburger at the invesdigation, made vigorous appeals in behalf of their client yesterday. City Counselor Bates was present in the absence of Associate City Counselor Woerner, who represented the city in the trial, and who is now in Jefferson City. Mr. Bates said the city would make no argument, but would submit the cause on the transcript of the

What is regarded as a vindication of the position of Building Superintendent Michael V. Leahy, who has been the principal witness against the fluiding Commissioner, occurred during the summing up of the defense's evidence by Leverett Bell. During his argument Bell laid emphasis on the stitement that the testimony of Leahy should be impeased, as he had admitted receiving presents from some of the contractors who were engaged on city institutions. The Mayor interrupted the proceedings and asked the hawyer to confine himself to the evidence in the case.

Mayor Wells said.

The evidence shows that Mr. Leahy receives orders for two huts. There was no position of Building Superintendent Mich-

"The evidence shows that Mr. Leahy receives orders for two hats. There was no
name signed to the letters. Mr. Leahy
has the orders in his pocket still. He did
not have them cashed, nor does he intend
to. He could not prevent the orders from
being sent through the mail."

Bell protested against Mayor Wells asmains the offices of judge and jury in
the case. He declared that the controversy should have been tried before the
council, and for the Mayor to have assumed all the offices of justice was mainfestly unfair to his client.

He also requested the presiding official

He also requested the presiding official of the hearing to remember that many of of the hearing to remember that many of the hity's witnesses in the investigation; were disgrunted contractors who had been successful bidders on city work. He feelared that the charges had been drawn from work on city institutions where changes were discussed. The work was being executed, he said, according to the original plans and specifications of the contracts. It was Mr. Heinburgers duty, he added, to entertain suggestions for any changes which might result in a better class of work.

Following Mr. Bell, Lawyer A. M. Frumberg made an appeal to the Mayor togive to the accused Commissioner the benefit of any doubt which may exist in the judicial mind. He called attention to the serious affect of an unfavorable judgment on the professional career of his client.

Mr. McConkey said that no evidence had been given voluntarily by any of the rival contractors in the case, and that Mr. Lahey, by the evidence, had been called into the hearing by himself when the charges were being prepared.

The action of Mayor Wells in making clear the position of Mr. Lahey at the summing up is interpreted as indicating that whatever action may be taker by the Grand Jury in inspecting the volunitous widence of the Helmburger case, lathey a name will not be a factor in the investigation.

The official stenographers probably will have the record of the inquiry transcribed to-day, so that in case the Grind Jury decides to review the testimeny f will be at their disposal in the Mayor's office

### COOPER COUNTY ORGANIZES GOOD ROADS ASSOCIATION.

State Legislation to Ald in Constructing Highways to Pavered-Ot-Scera Are Elected.

Boonville, Mo., Jan. 12 - The Good Roads Convention held in this city to-day, under the auspices of the National Good Roads Amediation, the Missouri Kansas and Perse Reliway and the beal Democratic Club, was a spiendid success. Hundreds of farmers and Justiness men from all parts of the county turned out on masse.

Seek to Prevent Him From Getting Chairmanship of Appropriations Committee.

er Shurtleff Will Stand by His Original Decision Favoring East St. Louis Man.

BY A STAFF CORRESPONDENT.

Springfield, Ill., Jan. 12.—The same clique that was successful in defeating Representative Trautmann of East St. Louis for the speakership is now moving heaven and earth in an attempt to take away from him the chairmanship of the Committee on Appropriations. While it has not been authoritatively announced, twenty-four hours ago there was every assurance that Speaker Shurtleff had been placed in the position where the first place on this the most important committee of the House had been practically conceded

Popular gomin among those who are more or less on the inside of the proceedings within the inner circles has had it that Trautmann had his choice of any one of three of the best committees of the lower house, and that his preference had lain with the Appropriations Committee. and that, in view of his personal feelings in the matter, this chairmanship was set aside for the Southern Illinois man.

It was less than thirty-six hours ago that developments began to come. At the

of Senator Ed Curtis of Kankakee, who is openly opposed to Trautmann as the head of the Appropriations Committee, and in fact against Trautmann and his friends for anything.

Curtis was the Speaker of the House four sessions since, and this time was sent to the Senate in the place of Lendaman and his individual to the Senate in the place of Lendaman in the Kankakee Insane Hospital, and inaugurated State Treasurer. If Speaker Shurtleff is indebted to one man more than to any other for his elevation to the speakership, Senator Curtis is the man. To the tail Senator from Kankakee is given the credit of manipulating affairs during the speakership campaign, whereby the mind of Governor Yates was poisoned against Trautmann and, as a result, the screws were put on to Governor Deneen through Yates and Chairman West with the result that Shurtleff won at the eleventh hour. lt is said that the whole animus just

the original plans and specifications of the contracts. It was Mr. Heinburgers duty, he added, to entertain suggestions for any changes which might result in a letter class of work.

CHARGES ARE TRIVIAL.

The charges at their best, he stated, were of a trivial nature. He attacked the Commissioner's judgment and not his integrity, and said that no evidence of Mr. Belinburger's desire to obtain a dishorist dollar developed during the hearing. Following Mr. Rell, Lawyer A. M. Funders and appeal to the Mayor to give to the accused Commissioner the benefit of any doubt which may exist in the indicate the appropriations this session.

are particularly interested in the present scrap. It is learned to-night that Speaker Shurtleff is disposed to stand by Trautmann in the present instance, though this

does not come from the Speaker himself. who states that nothing more will be given out on committee chairmanships or membership until Tuesday More than a majority of the new steer-

More than a majority of the new steering committee were in town to-day, and conferred in the room of Speaker Shurtleff with regard to action on the three most important measures which are now in sight—the Chicago Charter, the primary has and the civil service legislation bills. The first agrangement was that but one special committee should be appointed, to which the Charter should be referred, and to consist only of Cook County members. The primary law was to go to the Committee on Elections and the civil service law to the Committee on National and State Civil Service, both standing committees of the House.

Country members instantly protested against the agrangement and demanded representation on the charter committee and finally in the nature of compromise, it was decided that the civil service should be considered by the old standing committee, but that special committees be agranded to take care of the two other propositions, dear to the heart of the new administration.

The chicago Charter is to be referred to a committee of thirty-five, inwesty-five of whom shall be from Chicago and Cook

of farmers and business men from all parts of the county turred out an masse. The occasion was enlighted by the procession was enlighted by the procession was enlighted by the procession was enlighted by the old standing committee, but that special committees he appointed to take care of the two other bropositions. Training School. Each school was accompanied by its bard.

The meeting was presided over by Captain Charles E. Leonard, who was elected permanent president of the Cooper County Good Roads Association. The other of the state of permanent president of the Cooper County Good Roads Association. The other of the state of the offer of State Highway Commissioner be established.

Speeches were also made by Colonel C. Bell, Captain C. E. Leonard, Charles Meierhoffer, Samuel Houston, State Highway Commissioner be established.

Speeches were also made by Colonel C. Bell, Captain C. E. Leonard, Charles Meierhoffer, Samuel Houston, State Highway Commissioner of Obles and W. H. Grosselloss, genera, traffic agent of the State Strong presolutions were adopted by the Strong resolutions were adopted by the strong of the Premocratic members of the state Strong of the Strong of the State Strong of the Strong of the State Strong of the State Strong of the Stron

Melerhoffer, Samuel Houston, State High way Commissioner of toble, and W. It throse-close, genera, traffic agent of the Katy.

Strong resolutions was adopted by the meeting recommeding that the Legislature adopt the State all bian for road improvement and that a constitutional amendment be submitted authorizing the state to assist the virious counties by the general appropriation, and that laws be enacted to utilize the labor of shles-bodied framps, vagrants and minor lawbreakers on the country bichwa, at The Government was invited to construct an object-lessing road in the country shows a monterful remarks. Those definites have not been selected, all reports to the contract builties have been as the contract of the State Committees have not been selected, all reports to the contract builties have not been selected, all reports to the contract builting and they will not be pushed out until Governor Dense has returned from Chicago, which event is still indentitie.

## PROPOSES LAWS

Columbia Convention Adopts Resolutions Favoring Extensive Legislation.

FUND.

Course in Building Highways at University Recommended-Other Measures Are Advocated.

REPUBLIC SPECIAL

Columbia, Mo., Jan. 12.-Before the adournment of the Good Roads Convention to-day resolutions were adopted recommending the following legislation:

The creation of the office of State Highway Commissioner; the separation of the office of Road and Bridge Commissioner from that of County Surveyor; the establishment of a course in road engineering at Missouri University; a constitutional amendment providing for a permanent State read fund by levying a tax of 10 cents on each \$100 valuation: legislative enactments restricting the use of the levy of 15 cents on the \$100 valuation to the construction of permanent roads; the payment of all road taxes in money; the building of all bridges and culverts of such material as concrete, stone and steel, and the use of the spit drag on all dirt roads.

The resolutions will be forwarded to the National Good Roads Association and to the proper legislative committee at Jef-

PERMANENT ORGANIZATION. A permanent Boone County organization was effected, with the following officers: President, J. C. Hall; secretary, P. S. Quinn, treasurer, Walter Sapp; vice president, J. M. Batterton; second vice president, C. B. Rollins; township vice presidente, D. T. Mitchell, W. F. Roberts, W. S. Wilson, J. C. Hitt, Dennis Spelman, T. H. Hickman and L. D. Shobe.

The good-roads train left here for Boonville, where a meeting was held to-day. The good roads movement begins for the year 1965 under the most auspicious cir-cumstances, as through the year 1965 under the most auspicious circumstances, as through the arrangements perfected by Colonel W. H. Moore, president of the National Good Roads Association, the largest expedition yet conducted in this work will be carried out by sending good roads special trains over the transcontinental lines of this country.

These trains will be run under the co-operation of the United States Government, the rallroads and the National Good operation of the United States Govern-ment, the railroads and the National Good Association

Roads Association.

The first good roads special train, which is the beginning of the tour that will touch the thirty-six States and Territories in which the general legislative assemblies will meet in 18% departed from St. Louis over the M. K. & T. Ry. January 18. The first stop was at Columbia Mc. where one of the most guecossful Good Roads conventions ever held in the West started the ball rolling in the movement for the new year.

BOONVILLE CONVENTION. The train departed for Boonville, where a convention was held to-day. Conventions will be held at Moberly on January 12, Se-

dalla on the 14th, Nevada on the 15th, and Fort Scott, Kas., on the 17th inst. The train will then visit other points to Missourt, Kansas, Oklahoma, Indian Territory and Texas.

General Nelson A. Miles has already ac-Fearing that Trautmann and his friends, who, from a factional standpoint, have always been bitter enemies of the Small-Curtis crowd, would be disposed to apply the pruning knife vigorously when it came to a question of handing out the money from the State Treasury, the opposition to Trautmann arose, and is being carried on bitterly.

SPEAKER'S ATTITUDE

The Speaker is still in town, although all the members of the Legislature have flown, with the exception of the men who are particularly interested in the present.

Cepted an invitation to be one of the speakers at the various conventions held along the route of this expedition. The other officials aboard the train will be Martin Dodge, director in office of Public Martin Dodge, director in office

The last good roads special train was run over the Frisco system last fall, and made twenty-five stope in less than two months, and congregated \$2,000 people. The present good roads special train to be present good roads special train to be run over the Missouri, Kansas and Texas Railway will travel over 4,000 miles, and will, no doubt, from reports now received, make the greatest record of any Good Roads train that has traversed the great

Southwest.

In 1901 the Illinois Central Railway, under the supervision of the officials of the National Good Roads Association and the Road Department of the United States Government, coupped a train and operated it over that entire system between Chicago and New Orleans, Object-lesson roads, amounting to twenty-five miles, were constructed at twenty-three importance points on, that line, as a practical tame points on that line, as a practical demonstration by expert engineers in road

building WOUR IN THE EAST. In 1900 a good roads special train was run over the Southern Railway through the Eastern and Fouth Atlantic States, where conventions were held, and thirtytwo miles of object-lesson roads were conried on this train. During these two ex-peditions of 1991 and 1992, 192,990 people were congregated in conventions. Also, good roads trains have been run in the Northwest over all roads in that section and have met with like success in arousing public interest in this move-

arousing putate interest in this movement.

This Missouri, Kansas and Texas good roads special train for the year 186 is to be a crusalle of political and economic education for the farmer, showing him how to organize his forces and secure teachile road legislation. Each locality where conventions are beid will be expected to contribute to the expense of the uncertaking and after the proper enthusiasm has been aroused, a local good roads association will be formed and every member will be asked to sign a petition to his representative in the State General Assembly in behalf of good roads legislation.

## GOOD ROADS CONVENTION TO BE HELD IN MUSKOGEE.

General Miles and Other Prominent Men Will Be Present at Meeting on January 26 and 27.

Muskogee, I. T., Jan. 12 - The Muskogee Commercial Club closed a contract this morning with the National Good Roads Association representatives, who are touring this country on a special train in the interest of better roads and goodroads legislation, to stop in this city two days. January 26 and 27, at which time there will be a joint convention of the National Good Roads Association and the Territorial Association, a branch of the same organization.

## WRANGLE OVER WATERWORKS

Hobart, Ok., Officials Refuse to Accept Plant, but Are Overridden by City Council.

REPUBLIC SPECIAL Lawton, Ok., Jan. 12.-Girard H. Matthes, engineer of the United States Geological Survey, yesterday received a request from the city officials of Hobert that he should recommend that & a day structed by the engineers. Road ma- for each official be drawn from the townchinery and a crew of workmen were car- lot fund in the hunds of the interior Department as payment for services. The engineer refused to grant their de mands, and a similar one was made on

the manager of the McQuatters P. and M. Company, the contractors. This being refused, they declined to make a formal acceptance of the waterworks system, and the contractor, after the acceptance by the geological engineer in the name of the Interior Department, locked the plant and retained the keys. Later in the day the City Council held a meeting and formally accepted the plant. This is the second largest plant in the new country, constructed out of the proceeds of town-lot sales under the superof the department, and cost about

PIKE CONCESSIONAIRE SUES. E. W. McConnell Asks Account-

ing of Profits of "Creation." Emmett W. McConnell filed suft in the Circuit Court yesterday against Henry

Rollair for an accounting of the profits of "Creation" on the Pike at the World's Fair, and asks for the appointment of a receiver to take charge of remaining as-

He states that he and Roltair entered into an agreement under which Roltair was to procure a patent which was used in the production of the show, and to secure a concession from the Louisians Purchase Exposition Company, and or-sanize a corporation to operate the show, which was done, and that they were to share the profits.

which the defendant claims to be the sole which the salleged.

Roltair soid part of the property and is about to sell the portable part, it is alleged.

McConneil also alieres that he advanced

McConneil also alleges that he advanced \$1.30 to Roltair.

Emmett W. McConnell filed an attachment suit yesterday against Henry Roltair on a note for \$700. The note was given by Roltair to McConneil June 3, 1962, due in ninety days at 7 per cent interest, it is alleged. Notice of garnishment was served than the Third National ment was served upon the Third National Bank.
